DRUG FREE WORKPLACE & CAMPUS

The use of illegal drugs and the abuse of alcohol on the campuses of Argosy University, Nashville or in facilities controlled by Argosy University, Nashville are prohibited by college regulations and are incompatible with the Argosy University goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

EFFECTS OF DRUGS AND ALCOHOL

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime.

The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic. In keeping with the mission of Argosy University and the requirements of state and federal law, Argosy University has adopted this policy to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

Insofar as permitted by these laws, Argosy University, Nashville will apply sanctions that could lead to a student being fined, suspended or expelled or an employee being disciplined, suspended or dismissed for violation of the Argosy University, Nashville standards of conduct. Students and employees may also be referred for prosecution. Disciplinary sanctions may include the completion of an appropriate rehabilitation program, at the student's or employee's expense, if necessary.

General Tennessee Laws

Individuals under 21 may not purchase, accept as a gift, or possess alcoholic beverages on any street or highway or other public place. Consumption by minors is expressly prohibited. Licensees to sell alcoholic beverages are prohibited from selling, giving, or delivering alcoholic beverages to anyone under 21 years of age. It is unlawful for anyone of legal age to purchase or obtain alcoholic beverages and then sell, give, or deliver them to a minor.

Federal Sanctions

Federal penalties and sanctions for illegal possession of a controlled substance include the following:

First Conviction Up to 1 year in prison, fine of \$1,000 to \$100,000, or both

Second Conviction At least 15 days and up to 2 years imprisonment, \$5,000 to \$250,000 fine, or both

After Two Drug Convictions At least 90 days and up to 3 years in prison, \$5,000 to \$250,000 fine, or both

Additional federal sanctions may also apply including forfeiture of vehicles used to transport controlled substances, denial of federal benefits including student loans, grants, and contracts and denial or revocation of certain federal licenses and benefits.

Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the director of Student Services, in writing, no later than five days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants and state-specific grants. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and Argosy University, Nashville need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.

DANGER SIGNALS INDICATING A DRUG OR ALCOHOL PROBLEM

Following is a listing of classic danger signals that may indicate the presence of a drug or alcohol problem:

- Abrupt changes in mood or attitude
- Decreased efficiency at work or at school
- Frequent absences, tardiness, and/or early departures
- Relationship problems with family, friends, and co-workers
- Unusual outbursts of anger and hostility
- Social withdrawal

COUNSELING, TREATMENT, OR REHABILITATION PROGRAM

Any student or employee who fails to abide by the terms of the above policy may be required to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.

SEXUAL ASSAULT AND SEXUAL OFFENSES PROCEDURES AND PREVENTION EDUCATION PROGRAMS

A staff member of Student Services will discuss sexual assault awareness, policies, and the prevention of acquaintance rape, and other forcible and non-forcible sex offenses, with students during mandatory orientation. Furthermore, the Director of Student Services will coordinate the offering of a sexual assault awareness and prevention workshop once per academic year, which will be open to students and employees. Members of the local police department will be invited to present at the campus.

Also, information on sexual assault prevention will be distributed to students and employees via mailboxes once per academic year.

INFORMATION REGARDING REGISTERED SEX OFFENDERS

In accordance with the Violent Crime Control Act of 1994 section 170101(j) information regarding sex offenders can be found on the Tennessee Department of Safety website at www.state.tn.us/safety. The site provides information to the public concerning the location of sex offenders within Tennessee. The Public Safety Department (DPS) has established this site according to the requirements of A.R.S. 13-3827. DPS is responsible for maintaining the site and annually verifying the address of all registered sex offenders. Additional information can be found in the Student Services office.

Procedures and the Option to Notify Law Enforcement

If an alleged sex offense has occurred, students and employees should contact the campus President immediately. If the campus President is not available, the Director of Student Services should be contacted. If the Director of Student Services is not available, the campus President should be contacted. Campus personnel receiving a report of a sex offense will file an incident report on behalf of the witness or victim. Upon request, campus personnel receiving a report of a sex offense will assist the victim in notifying the local police department.

Campus personnel receiving a report of a sex offense will notify the victim or witness of the need to preserve evidence in the case of alleged sex offense. Victims are advised to seek medical treatment, which may include an evaluation for pregnancy or venereal disease. A medical examination is the only way to establish the extent of a victim's injuries and it may provide valuable evidence should the victim decide to pursue legal action against the perpetrator.

COUNSELING AND STUDENT SERVICES

A list of off-campus counseling and mental health agencies will be provided to assist a victim of sex offenses. The Student Services Department staff will assist a victim of a sex offense in locating and contacting a suitable agency for counseling.

Academic and Living Situation

A victim of a sex offense may request that his or her academic situation be changed. To make a request, the victim should contact the director of Student Services. Every effort will be made to accommodate reasonable requests. Schedule changes including section changes, course drops, and course adds will be accommodated. Requests for a temporary withdrawal will also be accommodated.

As Argosy University, Nashville does not offer housing, it will not change a student's living situation.

CAMPUS DISCIPLINARY ACTIONS

Victims of sexual assault perpetrated by another student may request the committee responsible for student evaluation hold a disciplinary hearing against the accused sex offender. The committee responsible for student evaluation will allow both the victim and the accused to present their case to the committee as part of the disciplinary procedures. Both the victim and the accused will have the right to have others present during disciplinary procedures. Both the victim and the accused have the right to be notified of the outcome of such proceedings. The accused will have the right to appeal the committee's decision based upon due process or bias only.

SANCTIONS

If the institution determines a forcible or non-forcible sex offense has occurred, sanctions that may be imposed upon the sex offender include warning, probation, dismissal, and referral to law enforcement agencies for prosecution.
